Product News: *RACO Interior Products*

Dear AluSpec Customers,

We are excited to bring *RACO Interior Products* to you! *RACO* is the industry leader in the development and manufacturing of interior aluminum doors, frames and windows. *RACO* engineers design and develop all products in-house, including control of billet, extrusion and finish options. *RACO* offers a number of framing systems, fire ratings and door styles to meet all your project needs.

❖ **Framing Systems**

- Classic: a mainstay and benchmark for industry
- Solutions II: industry advancing design possibilities
- 225 Office Front: a low profile system

❖ **Fire Rated Frames**

- 20-minute negative pressure
- 20 minute positive pressure
- 90 minute negative pressure

❖ **Door Line**

- Top hung sliders
- Top hung offset sliders
- Narrow, Medium and Wide stile rails
